Elegance

— KISOL DESIGN —

THE LINE

Kisol Elegance Design brings a differentiated concept in two main aspects: versatility and technology.

This line brings the client to the realization of their project without any limitations. Any model you can imagine, we can create.

Through a wide range of options in finishes, formats, measurements, and accessories, it offers endless possibilities to our customers who seek exclusivity and convenience, with its full ceramic coating and the option of finishing with glass inserts.

Without any pattern mold, Kisol Elegance Design allows the customer, architect, or engineer to build the ideal pool for their project. Total freedom to apply beaches, glass walls, infinity edges, waterfalls, stairs, LEDs, and hydromassage nozzles.

VERSATILE FINISHES

Elegance and Sophistication

The coating is one of the elements that define the "personality" of your pool. It is highly versatile, enabling integration with various types of environments. Elegance Design values exclusivity and offers options in porcelain tiles, ceramic coatings, natural stones, and different edges.
